The Cambria

When you're passionate about something, you think about it all the time. And you're happiest when you're able to immerse yourself in it. That's how it is for us at John Caniglia Homes.

Since 1979, when we constructed our first custom home, we have never looked back. In fact, it's been quite the opposite. John Caniglia Homes has gone on to build some of the most noteworthy custom homes in the area, participating in Street of Dreams and creating custom homes throughout the area.

Today, the company has grown to include two generations of Caniglias, each with a passion for excellence, quality and craftsmanship. And each brings a unique insight and specialty to the process – from real estate and financing, to site selection, design and planning, to construction and project management.

STYLE. WARMTH. PURPOSE.
